OFFICIAL BATTLE MECHANICS

Build Your Team Concept:
Originally created in NY for a university jam called "Kingdom Come", DS Squad Wars will be integrating its "build your crew" concept in an Open Style battle format wherein the winning team of every round gets to recruit a member of the losing team to eventually build a team all the way to the finals.

There will be 8 invited guest battlers and 24 selected battlers from Cypher Preselections

Cypher Preselections
1. All participants will be in a 45 minute Cypher Preselections
2. Multiple cyphers will be present around the dance floor
3. Judges will be roaming around giving tickets to the selected battlers moving on to the battle rounds
4. A total of 24 battlers will be chosen on ground during the cypher preselections

Top 32 Random Pairing
The top 32 (24 from preselections + 8 guest battlers) will be drawing lots to see who their random partners will be for the Top 16 2v2 Battle.

Top 16 to Finals Knockout Battle Rounds
After every battle, the winning team recruits one member from the losing team to build their team from a duo in Top16, trio in Top 8, Team of 4 at Top 4, and a Team of 5 for the finals.

Battle Rounds Specifics:
Top 16 - 2v2 - 2 rounds each team (1 min each round)
Top 8 - 3v3 - 3 rounds each team (45 sec each round)
Top 4 - 4v4 - 4 rounds each team (45 sec each round)
Finals - 5v5 - 5 rounds each team (45 sec each round)

Judging
1. Judging will be using the "Point System" - whichever team receives the most votes from the judges wins.
2. In case of Tie Breakers = 1 round, 1 person, 45 sec (Judges cannot tie)
